PROFESSIONAL SUMMARY

Software Engineer with 5+ years of experience in web and mobile development, including 2+ years specializing in React Native. Currently serving as the primary developer for a production mobile application, leading feature implementation, API integration, performance optimization, and ongoing maintenance. Experienced in building scalable, maintainable applications within Agile environments and collaborating with cross-functional teams to deliver high-quality solutions.

EXPERIENCE

Accenture Inc., PH – Mobile/Web Developer

2023 - Present

- Lead development and maintenance of a production React Native mobile application as the sole developer.
- Designed and implemented reusable components, reducing development effort by 30%.
- Implemented Redux-based state management to manage complex application flows.
- Integrated RESTful APIs and third-party services including push notifications.
- Managed iOS and Android builds using Xcode and Android Studio.
- Performed performance optimization and debugging to improve responsiveness and stability.
- Mentored junior developers and actively participated in Agile/Scrum ceremonies.

Apptechology Experts Inc., Philippines — Application Developer

2019 - 2023

- Developed and maintained business web applications within Agile Scrum teams.
- Built API-driven systems and integrated backend services using VB.Net, C#, and MSSQL.
- Optimized SQL queries and backend workflows to improve system efficiency.
- Delivered technical documentation and supported client deployments.
- Maintained version control using Git and participated in peer code reviews.

EDUCATION

University of Rizal System, Philippines — B.S. in Information Systems

Graduated 2019

SKILLS

Frontend: ReactJS, JavaScript (ES6+), Typescript, HTML5, CSS3, Responsive Web Design, State Management (Redux/Context API)

Mobile: React Native, Xcode, Android Studio

Backend & APIs: RESTful APIs, VB.Net, C#, MSSQL, JSON, Data Integration

Tools & Workflow: Git, GitHub, Agile/Scrum, Jira, Project Management, Code Review, Postman

Soft Skills: Problem Solving, Critical Thinking, Team Collaboration, Effective Communication

LANGUAGES

English – Basic
Tagalog – Fluent

SELECTED PROJECTS (5+ Years of Experience)

System Integration & Backend Solutions

Hotel Data Integration — SAP ByDesign & VB.Net (2022–2023)

- Implemented system integration between SAP ByDesign and client platforms.
- Automated data exchange processes for finance and operations modules.
- Optimized backend workflows to reduce manual processing errors.
- Delivered technical documentation and post-deployment support.

BIR Tax Addon Module — Apptechology Experts Inc. (2019–2021)

- Developed a custom tax reporting module integrated with existing enterprise systems.
- Automated tax calculations using VB.Net, C#, and MSSQL.
- Improved data accuracy and compliance with BIR regulations.
- Supported deployment and client onboarding with technical documentation.

Mobile Application Development

Order Tracking Mobile App — Pharmaceutical Industry (Internal Deployment)

React Native

- Developed a cross-platform mobile application for internal order tracking and operations monitoring.
- Integrated RESTful APIs for real-time data synchronization.
- Implemented Redux-based state management to handle complex application flows.
- Optimized UI rendering and performance to ensure responsiveness and stability.
- Collaborated with internal stakeholders to align technical implementation with business requirements.

Web Application Development

Vehicle Scheduling System — Accenture Inc. (2024–2025)

React.js

- Built a scheduling and resource management web application.
- Implemented dynamic filtering, real-time data updates, and API integrations.
- Improved UI responsiveness and overall user experience.
- Worked closely with internal teams to deliver scalable and maintainable solutions.

eCommerce Web Application — UI5 Development (2021–2022)

- Contributed to building reusable UI components and application screens.
- Implemented navigation logic and enhanced front-end interactions.
- Maintained UI/UX consistency and participated in peer code reviews.
